## County Democrats Not Likely To Name Chairman Today

### SILVER ACTUALLY STARTED BY SILVER

### \$75,000 BEER CARGO SEIZED IN WOODS WHERE RUNNERS HID

Nine Trucks Taken in Raid on Auto Truck Camp on Jamesburg-Dayton Road

Prohibition agents, "armed to the teeth," set out from Newark last night to find several trucks supposed to contain liquor that had made a getaway on Wednesday night while agents were lying in wait for them on the Lincoln Highway in Middlesex county. Although the agents at that time managed to capture some of the trucks the others vanished, and all trace of them was lost.

However, as the days went by, the agents were informed that the trucks and their drivers had taken refuge in a woods along the Dayton-Jamesburg road, and so it was planned to capture them. Word had gone out that the men in charge of the trucks were ready for trouble, so when the agents started for the spot last night they all carried loaded revolvers and riot guns were placed in the cars.

As the agents neared Dayton they were supposed to meet some one who would lead them to the trucks. The person was not there. A short distance down the road the agents located a farm house, near which were high trees and bushes. It was after walking through these bushes that the agents succeeded in locating nine large trucks containing beer and the nine men in charge of the trucks had even gone so far as to sweep the Jamesburg-Dayton road in an effort to throw off suspicion. However, they failed to cover up their tracks in a sand pile and this led to their capture. The trucks and men were 500 feet in the woods and could not be seen from the road.

As the agents entered the clearing where the trucks were parked, they found it unnecessary to use their guns for all the men were more or less under the influence of liquor, and one known as "Scotty" was stretched on the ground.

"Scotty" was suspected by the agents as having tipped off the prohibition agents and he was roughly handled until the agents came to his rescue. An examination showed the trucks to contain beer valued at \$75,000. Two of the trucks carried 300 cartons each and the other seven about 400 half barrels. When the men were ordered to take the trucks out of the woods they refused and drove without much delay until they reached a lunch room in Dayton, where a gang, said to be of the guerrilla type, advised the agents not to move the trucks. The agents, however, remained in charge of the situation and the trucks were finally landed in Newark and taken to the Eagle warehouse. The prisoners will be arraigned today before a United States commissioner.

"We have been here so long we don't mind going to the jail," said one of the men to the agents as they broke upon their little camp. They also informed the agents that they are paid \$15 for each delivery. The raid was carried out by Chief Wolowitz and agents, Hudson, Ganter, Baker, Dey and Swackhammer. They were later joined by District Chamberlain and Grand Head Jorgensen, also Agents Scott, Primo, Gardis, Lang, Huebner, Carslake and Adams.

Director Chamberlain declared today that during the past week thirty three trucks with beer have been captured on the Lincoln highway, many of them lying within Middlesex county.

### BOY OF VILLA LIES IN STATE

Is Viewed by Thousands—16 Bullets Were Sent Into His Body

PARRAL, Chihuahua, Mexico, July 21 (By The Associated Press).—The body of Francisco "Pancho" Villa, Robin Hood of Mexico, the most interesting character of contemporary Mexican history, a strange combination of horse sense and fiery impulse, lies in the City hall here, with thousands of persons flocking to view it.

Heavily guarded as always, a part of his military strategy learned in a hard school of experience, Villa met death yesterday morning about 8 o'clock on the outskirts of Parral between Long's House and the Guna Juanto bridge when seven unidentified assassins from ambush sent sixteen bullets into his body and head. Colonel Miguel Treviño, Villa's secretary, Rosalio Morales, one body guard, and one bystander whose name has not been learned, also were killed. One Villa guard was wounded.

The attacking band totaled seven, the assassin's unlucky number. The assassins were on foot, while Pancho's men were mounted, leaving Parral on a happy-go-lucky journey to his ranch at Canutillo, Durango.

The assassins fled to the river bed and sped off on horses which had been hidden in the river bed near the bridge.

### SILVER VETO NEW BRUNSWICK MAN IS KILLED

At Jamesburg at Meeting of County Poultry Ass'n.—Marketing Bill Discussed

JAMESBURG, July 21.—Addressing an audience of poultrymen and farmers at the annual picnic of the Middlesex Poultry Association here today, Herman B. Walker, manager of the Atlantic Coast Poultry Producers' Association assailed Governor Silzer for his action in vetoing the farmers' cooperative marketing bill passed by the legislature last winter and declared that the governor by his utterances, was showing himself to be the enemy of the New Jersey farmer.

Mr. Walker said in part: "New Jersey and Indiana stand out conspicuously as the only two states which by their laws are denying to farmers the right to organize for collective bargaining in the sale of their products. In twenty or more agricultural states, legislatures and governors have given their approval by enacting laws to facilitate the marketing."

The speaker further flayed the governor for his arguments in support of his veto and stated that any decisions of the supreme courts in connection with cooperative marketing have ever been made.

"This issue is of much more vital importance to all the farmers in New Jersey than any other question likely to be at stake in this year's election that it should be made the sole issue in every agricultural section of the state," concluded Mr. Walker.

Sent to Workhouse Daniel Duffy, the Hillside man who was arrested yesterday morning when he was discovered in the Greek Catholic church in Broad street, and later fined \$20, was sent to the workhouse for ninety days today when he was unable to furnish the necessary fine.

### DEMOCRATS TO MEET TODAY

Toolan Announces That He Will Not Be Candidate Today for Leader

MEET AT COUNTY SEAT

Wilentz Also Declines Honor—Coan May Be Selected by County Committee

Assistant Prosecutor John E. Toolan, in a statement to the Evening News today, declared that he will not be a candidate for the office of chairman of the Middlesex County Democratic Committee, to fill the vacancy caused by the resignation of Edmund A. Hayes, of New Brunswick. Mr. Toolan's statement follows: "I regret that I cannot become a candidate for the office of chairman of the Democratic county committee. This attitude is taken, not because it is my desire to decline, but rather because it would be impossible to efficiently serve the two offices of assistant prosecutor and chairman of the county committee."

Since the announcement of Mr. Toolan that he will not be a candidate, it is the general opinion that no action will be taken today at the meeting of the committee to appoint a chairman to succeed Mr. Hayes, but rather to talk the matter over and obtain suggestions of candidates who may be fitted for the position.

It is also likely, according to reports today, that the committee besides talking over the political outlook for the county, may appoint a general committee to aid in the selection of a chairman. The fact that Mr. Toolan has decided not to become a candidate has caused considerable disappointment among Democratic politicians, it is said.

It is said that the meeting today may be adjourned for a period of two weeks, at which time the committee, which in all probability will be appointed today, will report.

### Shower Baths Bring Joy To Youngsters

Mothers and children were much delighted yesterday when two shower baths were placed in operation in thickly populated sections of the city. One of these baths or sprays is located at Wayne street and the other at Buckingham avenue.

If one desired proof that the showers would prove popular among the kiddies, they had only to visit either of these sections where from 200 to 300 children gathered under the cooling spray. Prior to the turning on the shower, the kiddies had been playing on the hot asphalt from which the heat rays could be plainly seen rising. They were cross and were giving their mothers more or less cause for worry as they dashed back and forth across the hot pavement between the traffic. It seemed there was not a cool spot to be found.

Then the shower was turned on and cheers of gladness broke from the throats of the little folks as they dashed beneath the spray. Any old kind of clothing, suit, old shirts and for a bathing suit, old dresses for the girls were soon obtained and the fun began. In the cooling spray of the shower the little people forgot the heat of the day and mothers being assured the children would stay about the baths went or about their work.

How much the mothers appreciated the showers which had been supplied the little folks was shown when Alderman John J. Clark chairman of the fire committee inspected the sprays soon after they had started working. All mothers thanked the alderman for the added joy of the children, some of them who could hardly speak English managed in some way to make him understand how deeply they appreciated the baths for their little folks.

On Monday it is expected to start sprays at school No. 5 in Cortlandt street, at the Eagle Engine company house and at Mechanic and Broad streets. Sprays are already working in the various parks of the city, but the additional ones are to furnish amusement for the children who live long distances from the parks and thus are unable to reach them except when taken by parents or relatives.

The sprays now being installed are being cared for by the attendants at the various houses.

### \$800 SWINDLE IS PUT ACROSS

Smith Street Man Victim of "Spanish Switch" Trick—Gets Worthless Paper

About twenty strips of the Perth Amboy Evening News, of \$800 in value, were given to a man yesterday to Frank Szusenski, of 442 Smith street, who became the victim of the "Spanish switch" trick and later reported it to Captain Long of the local detective department.

According to Szusenski, the two men met him about 11:30 o'clock yesterday morning and after the men would place the sum, the men took what was thought by Szusenski to be the other \$800 and wrapped it in a handkerchief with Szusenski's money. The package was handed to him by the men and then with both sums together, he could take care of it easier.

Szusenski drew out the \$800, joined the men and after being promised \$200 for his part in the swindle, he took what was thought by Szusenski to be the other \$800 and wrapped it in a handkerchief with Szusenski's money. The package was handed to him by the men and then with both sums together, he could take care of it easier.

About twelve o'clock yesterday the swindler thought he might take a gaze at his large collection of "green backs," but was surprised to find that on opening the handkerchief there was nothing but a worthless piece of paper. The swindler, but about twenty strips of old Perth Amboy newspapers and wrapped in the form of a large bank roll. The local detectives are making an investigation.

The fine was paid and as Jackson walked from the police station he gave vent to his feelings concerning all traffic cops in general and Officer Layden in particular. After he had started the motor and was pulling away from the police station, he made one parting remark to Layden. "If you ever have cause to come to Newark, I only hope and pray that I am a traffic cop," he shouted. Revenge might be sweet but his chances of "getting" Layden seem slight.

Pawel Kucharczyk, forty-five years old, of 208 Grant street, died last night. Besides his widow he is survived by three sons and a daughter, Anna, John, Stephen and Joseph. The funeral will be held 10 o'clock Monday morning from St. Stephen's Polish church and the interment will follow in St. Stephen's cemetery.
